To whom it may concern:

This letter is in regards to Damien Iniguez. Mr. Iniguez began his apprenticeship here at Local 14 in November of 2019. During that time he had accumulated 2730 work hours/OJT. He had attended apprenticeship classes in 2020 and 2021. He had been doing what was required of him from 2019 to 2022. In 2022 is when he began to have personal troubles. EXHIBIT B

My name is Valeria, Damian is my Tio. He was always fun to be with I miss him a lot and I know he made a wrong decision, but ever since he left and went ghost I felt like my grandmas has been quiet and sad without him. He would always make us laugh, play with the kids, and talk to us whenever. I knew he was in drugs when I noticed he got skinnier. I don't think he would ever do this because sober him was caring and present and funny. I don't want to worry so much but I know he is hurting, I know he misses his kids too. He never told me what was going through his head, but I know he wanted to cry, yell, or is what makes him feel happy and not alone. I wish he told us or asked for help but he fell too deep and now I feel like he should get help. May you please reconsider and allow my Tio into treatment. I want him back, I want to see him again and laugh with all my cousins. I hope my Tio wont get the maximum and hold his hope, he is really depressive and always tries. Please let him know we love him and for him to keep pushing and we can do it. I really do believe he can take the right path and turn around. He was a big part of my life and I would

RE: Damian Iniguez

Dear Honorable judge,

Hello I am writing to provide a character in reference for a family member that is my brother Damian Iniguez who is currently involved in a legal matter. My name is Adriana Iniguez and am the sister of Damian Iniguez. I understand the serious of this matter, however hope the court will show some leniency.

However, he has always been great person and a great father to his children as well as a great son and brother and a great employee. As my parents are getting older, I just ask to give him a second chance to be there and to spare time to be there for my parents for the time they have left. I believe he know what second chances mean as he shas mentioned that he's tired of the same revolving cases.

I believe he suffers from PTSD that has been caused as an upbringing from other siblings. I also think he would benefit from a drug program if offered. Although he has had amazing parents that have never lacked love the pain is still there. The relationship we have is amazing. I have always tried to change his thinking but has never seemed to work. He has a great support system when he gets released from prison.

The support system he has is amazing his boss will still have a job for him as he comes out of prison. He has the most amazing parents as well as family members that just want the best and hoping to guide him the way he's been talking and thinking and what we have been wanting. He plans on working and moving away from the state of WA just to succeed in life. He has big plans in life and would like for him to be able to accomplish.

I believe that Damian Iniguez is genuinely remorseful for his actions, and I am confident that he will make an effort to ensure that he doesn't repeat the same crime in the future I respectfully request that you take this letter in consideration when making your decision,

Thank you for your time and consideration,

Adriana Iniguez

EXHIBIT D

My name is Alina Alvarez and damian
Iniguez is my uncle. I been around
him my whole life This is what i know
About him hes a hard working man everytime
he would come back from work on the
Weekends he would see me and would tell
me about his week. Would always have
a smile on his face saying he loved his
work and his boss loves my uncle that
he was always working hard, he looked
so tired after work he still had to
drive back home took him about
few hours to get home and still
managed to come over and tell us about
his work and spending quality time with
us. Me and him were really close
he was my uncle but was more like
my brother didnt matter what he was
doing or how tired he was we were
always together had a strong bond
and talk about everything, everything
was going good until I started to
see changes in him he didnt look
like my uncle anymore he looked
really pale and sick, was really distancing
himself from me always in his room
sleeping not eating I didnt think anything
of it until it became a habit. And usually
we would always be texting sending videos
he would come over or I would be over
we had a really close bond. I felt like
we started to separate and talked less

But even though he would push me away I still felt like something was wrong and I would still stick by his side because i knew deep down he needed help. And one day he had decided he wanted to hang out and talk to me I knew something was up this wasn't the uncle I know, he started bawling his eyes out telling me everything he was going through he wasn't sounding like himself, he went down bad to the point where he's hugging me crying telling me he doesn't want to feel like this anymore that's when i knew he was really lost in drugs I had never seen my uncle this way before i knew the path he was taking wasn't the right one. everyday I was seeing him he was getting worse and worse would get lost for weeks and wouldn't want to show his face around anymore. I tried to help him but when you has made that addiction its hard to go back. that's why he should go into treatment and get the help he needs i believe he can change and get the help he needs to change his life for the better. he has two kids that he misses a lot I hope he doesn't get the maximum sentence his family loves him very much I know he can change because he knows what he did and he needs help to do it. I believe in my uncle.
